R E M A R K S

The Quayle Action mailed June 1, 2006, has been carefully reviewed and Applicants note with appreciation the identification of allowable subject matter.

By this Amendment, Applicants have amended claims 1, 4, 29, 33, 35-40 and 42-44. Claims 1, 2, 4, 7 and 29-44 are pending in the application.

The Examiner objected to the drawings as containing informalities. Specifically, the drawings did not contain every reference numeral mentioned in the description and Figure 1 designated only that which was known in the prior art.

Applicants have provided herewith replacement sheets containing Figures 1, 3 and 4. The legend --Prior Art-- has been added to Figure 1, and reference numeral --108-- with associated lead line has been added to each of Figures 3 and 4. Entry of the replacement sheets and withdrawal of the objections is requested.

The Examiner objected to the disclosure and claims 1, 2, 4, 7 and 29-44 as containing informalities which Applicants have corrected herein. In addition, Applicants have broadened claims 1 and 40 without departing from the patentable invention.

Serial No.: 10/767,220
Atty. Docket No.: P69450US0

In accordance with the Examiner's indication that claims 1, 2, 4, 7 and 29-44 would be allowable with correction of the informalities noted therein, the application is now in condition for allowance. Should the Examiner have any questions or comments, the Examiner is cordially invited to telephone the undersigned attorney so that the present application can receive an early Notice of Allowance.

Respectfully submitted,
